- Pressure Care Assist
Pressure injuries can develop in anyone with reduced mobility. They commonly occur where there is prolonged pressure on bony prominences such as the elbow, heel, shoulder, back of head, lower back and the buttock area. If left untreated, pressure injuries can lead to serious complications. Therefore, prevention is key to managing complications. Prevention tips include regular changes to position, good hygiene and skin care, and a healthy diet.

Aspire Lifecomfort Active Air Mattresses & Overlays
Top of the range foam mattress for maximum comfort and support.

ROHO Cushion
Wheelchair seat cushion with interconnected air cells that help disperse pressure and reduce shear risk. Appropriate for clients with high risk of ischemic ulcers.

ROHO Mattress Sections
Allow the patient to lie or sit comfortably for long periods. Provide friction & shear relief. Drainage holes allow fluids to escape away.

DIFFUSER Cushion
Premium density pressure-relief cushion made from memory foam with a special innercore of heavy density traditional foam. Ideal for wheelchairs and conventional seating.

Naturelle Pillow
Therapeutic postural pillow
• 100% pure latex construction provides comfort and support
• Gently contoured for user comfort and to encourage better posture

ACTION Gel Pad
Used to elevate pressure build up & evenly distribute body weight while seated. Polymer gel does not displace like fluid and is covered in a waterproof film with breathable outer cover.

Sheepskins
Can be used directly on a seat or back of a wheelchair, or can be placed over standard foam cushions to increase pressure care and to absorb perspiration.

JAY Cushions
Wheelchair cushions designed to stabilise the pelvis, protect the skin and position the body. The are lightweight, low maintenance and can accommodate a range of mobility seating requirements.

Diffuser Cushion
• Gently contoured for user comfort
• 100% pure latex construction
• Excellent long term pressure relief

ACTION Gel Pad
• Helps reduce shear and friction
• Incorporates a fluid core that absorbs vibrations

Sheepskins
• Can be placed over standard foam cushions to increase pressure care
• Comfortable and breathable on contact with the skin
