

Hoselink Evolve Retractable Hose Reel

The Hoselink Evolve™ Retractable Hose Reel is a premium, Australian-designed watering solution built for durability, effortless use and improved performance to help you maintain your lawn or garden despite any physical limitation you may experience. Its refined automatic retraction system, enhanced water flow and long-lasting construction make garden watering neat, simple, and enjoyable.

- **Automatic Retractable Hose:** Smooth self-retraction allows the hose to rewind neatly and effortlessly into the reel after use with no kinks or tangles.
- **Precision Layering System (PLS):** Advanced internal guidance rollers ensure the hose layers consistently and retracts smoothly every time, requiring minimal force to operate.
- **Enhanced Water Flow:** Redesigned water inlet and hose system help deliver stronger, more efficient watering performance than previous models.
- **Robust UV and Weather Resistance:** Industry-leading UV-resistant casing and frost protection help the reel withstand harsh outdoor conditions.
- **Designed & Built in Australia:** The reel and bracket are designed, moulded, and assembled in Sydney, catering to local garden needs and climates.
- **Includes Complete Installation Kit:** Comes with a universal mounting bracket, wall hardware, no-burst hose fittings, 2 m leader hose and Comfort 8-Pattern Flow Control Sprayer for versatile watering.
- **Replaceable Parts & Easy Maintenance:** Key components including hose and guidance elements are serviceable so you can extend the reel's lifespan with simple maintenance.
- **Solid Weather-tough Construction:** Durable polypropylene reel and bracket, stainless hardware, and premium PVC hose ensure reliable performance season after season.
- **Extended 5-Year Warranty:** Backed by a 5-year warranty, offering long-term peace of mind on quality and durability.
