

HeadSaver Head Protector

- Available in two sizes which are fully Velcro adjustable to fit most people
- Offers an extremely comfortable fit that holds the HeadSaver in place so that during a fall the HeadSaver should not come off the head
- If additional securing to the wearer's head is required, a Velcro detachable chin strap with clip is provided with every HeadSaver
- There are 3 coverings available to dress up the HeadSaver in style - the classic beanie, the practical sun hat, and the very stylish headscarf
- The only stylish soft head protector that's scientifically validated!
- Indications: HeadSaver is the right head protector choice for all with concerns about falling or with medical conditions such as Epilepsy, Parkinson's Disease, or Cerebral Palsy, which make them unsteady on their feet
- HeadSaver gives your head extra protection from impacts and injury

- ✓ Contracted DVA product
- ✓ Contract approved
