

## Active Air 5 Alternating Overlay

The Active Air 5 provides an effective solution for higher weight users considered to be "At Risk" of Pressure Injury. Featuring AUTO DETECT and INTELLIGENT STATIC MODE which provide lower interface pressure and enhanced comfort, the Active Air 5 is suitable for use in a wide range of care settings from Home Care and Acute to Long Term care.

- Digital Pump – The Easy-to-read LCD screen provides clear and precise information on cycle time, operating mode and fault codes to assist with troubleshooting
- AutoLock – Control panel automatically locks after 30 seconds, preventing accidental mode changes
- AutoDetect – Based on the user's weight and size, appropriate pressure output is automatically set, ensuring optimal care and protection
- Continuous Low Pressure (CLP) – When activated, this mode increases user immersion and envelopment
- 24hr Transport Mode – In the event of a power failure, this feature provides a security buffer allowing patients to remain on an inflated surface until power is restored
- Sleep Quality - Innovative pump technology reduces noise and vibration, for a quieter sleep environment
- Infection Control - Welded seams and zip protection prevent fluid and bacterial ingress into the system
- Skin Microclimate - The multi-stretch cover reduces shear and offers a high Moisture Vapour transfer rate (MVTR)
- Workplace Health & Safety - The power cord is retained within the overlay eliminating its potential as a trip hazard
- Pressure Care Outcomes - Intelligent cell design maximises the duration of pressure reduction in the alternation cycle

Contracted DVA product

Contract approved

### Support @ Home

**Function:** Manage tissue integrity

**Category:** Prescribed

Click [here](#) for more information

### NDIS

**Item Code:**

05\_043306004\_0103\_1\_2

**Power Bed – Composite:**

05\_423\_0103\_1\_2

Click [here](#) for more information

### Compliance

IEC 60601-1-2

### Accessories

Click on the cart icon to display the range of optional accessories

- Laundry & Hygiene - Machine washable cover at 95° to achieve superior sanitising

## Warranty Information

- Pump: 2 Years
- Overlay: 2 Years
