

Liko Viking XL Lifter

- Ideal for bariatric lifts and transfers
- Universal TwinBar 670 Slingbar offers additional sling space for patients of size
- Informative control box displays number of lift cycles, battery level, lift overload and service indicator
- Optional quick-release hook system which means caregivers can easily and rapidly change a slingbar or install a scale
- Optional armrests help support patients during ambulation as well as making it easier for caregivers to manoeuvre the lift
- Three variable height settings accommodate a variety of different lifting situations
- Intuitive and ergonomically-designed hand control incorporates indicators for low battery level and when the Safe Working Load of the lift is exceeded
- An extensive assortment of accessories is available including slings, slingbars and scales
- Lifting Height 540 1910 mm
