

## 4H200 Wet & Dry Trolley

The 4H200 Wet/Dry Linen Trolley Range is a practical and efficient solution for managing and transporting soiled linen in commercial care environments. The durable frame offers load visibility, and the mesh construction is easy to clean. The sprung, height-adjustable base platform reduces the need for staff to bend deeply, minimising stress on the lower back.

- Designed for the safe transport and disposal of soiled linen in hospitals and aged care settings
- Spring-loaded base minimises manual handling strain, supporting occupational health and safety
- Spring cover included as standard for added safety
- Heavy-duty nylon swivel castors allow smooth and easy manoeuvrability
- Optional push handle available

### Compliance

No applicable compliance standard

## Warranty Information

- 3 Years
