

## ROHO - Sensor Ready

permobil

ROHO

This ROHO Single Compartment Cushion with Sensor Ready Technology is an adjustable, air-filled, cellular-design, wheelchair support surface that utilises DRY FLOATATION® Technology and is intended to conform to an individual's seated shape to provide skin/soft tissue protection and an environment to facilitate wound healing.

- ROHO Sensor Ready Cushion with Smart Check is appropriate for individuals who:
  - Want instant feedback and peace of mind that the cushion inflation level is correct
  - Want assistance with setting up their cushion, have a history of, currently have or may be at risk for skin/soft tissue breakdown.
  - Have normal or impaired sensation
  - Require accommodation of pelvic asymmetry; up to approximately 75 mm for HIGH PROFILE and 55 mm for MID PROFILE
- **Sensor Ready:** Comes standard with a quick disconnect port that allows the cushion to connect to Smart Check; the world's first personal electronic cushion security device, that is used to set up and monitor an individual's inflation range
- **Skin Protection:** Proven with over forty years of research, experience and refinement, ROHO DRY FLOATATION Technology provides an individual with unparalleled skin/soft tissue protection
- **Shape Fitting:** The cellular design allows the cushion to track movements of the body and constantly conform to it. The cells adapt to meet unique skin/soft tissue integrity needs throughout the day
- To get the benefits of the Sensor Ready Cushion you must purchase the Smart Check (MSP500488) separately
- With Smart Check you have ROHO's industry leading skin protection plus you

✔ Contracted DVA product

✔ Contract approved

### Support @ Home

**Function:** Manage tissue integrity

**Category:** Prescribed
