

## Bruno Elite Outdoor Stair Lift

- Weather Resistant: Marine-grade vinyl, durable outdoor paint and lightweight cover protects Bruno's Elite stairlift from the elements. Performance tested -15°C - 52°C.
- Space-Saving Design: Narrow vertical rail maintains maximum open space on steps. Footrest, arms, seat fold when not in use.
- Easy Operation: Armrest control glides stairlift up and down. Seat swivels up to 90° at top landing for safe exit. Keyed remote call/send also standard.
- High-Quality Engineering: Unique covered gear rack on rail reduces exposure to grease, dirt. Smooth, quiet ride.
- Reliable, Safe: Battery-operation ensures lift works even in power outage. Obstruction sensors and retractable seat belt help ensure rider safety.
