

Aspire Active Air Bari 10 Bariatric Mattress Replacement

- Integrated Turning Therapy - Allows patient rotation up to 40° for improved pressure care and to assist staff with patient handling requirements
- Rapid Pump Inflation - Maximises therapy response times and minimises staff resources by fully inflating in only 2 minutes
- Hospital Grade Cover – Thicker weight polyurethane fabric with increased bleach resistance to handle modern hospital infection control standards. Suitable for Sodium Hydrochloride solutions
- Adaptable Pump - Pump can be switched between modes for typical users (up to 160 kg) and bariatric users (up to 450 kg) ensuring a single asset can meet the broadest spectrum of patient needs

 Contract approved
