

Alerta - Wireless - Deluxe Alertamat

- Plush carpet floor mat that provides a safe falls prevention solution that suits modern care environments
- Distinguished look for the care environment and is an ideal solution for situations where a patient with dementia would otherwise avoid the mat
- A robust, long life floor alarm
- Simple plug and play ensures carer can quickly set up and operate with ease
- Long lasting welded seams for durability
- Large size to prevent overstepping by the user
- Requires the Alerta Wall Point Receiver to work - sold separately
