

Aspire Electric Shower Trolley

The Aspire Electric Shower Trolley facilitates ergonomic showering for both caregivers and patients. Its soft patient surface and electric positioning enhance comfort and safety. Constructed from stainless steel, it maximises durability and supports a high safe working load, accommodating a wide range of patient needs.

- **Hand Control** Can be mounted on all sides of the trolley in the integrated siderail notches
- **Removable Battery** Easy swap overs allow for spare battery charging and constant uptime
- **Optional Platform Extension** Add-on accessory to fit a longer padded liner for tall users
- **Accessible Height Range** 460mm low height enables standing transfers while the 900mm maximum height enables ergonomic carer provision
- **Stainless Steel Frame** durable and strong design for longevity
- **Electric Adjustable Backrest and Tilt Angle** improves patient comfort, visibility and confidence when being transported and assists with drainage
- **Soft Shower Liner** enhances patient comfort during showering or care, contributing to a better patient experience
- **High Visibility Adjustments** Bright adjustment points are simple and intuitive to operate
- **Middle Access Zones** Improve carer ergonomics and patient cleaning access
