

Compression Stocking Aid

- A stocking aid which will apply support hosiery quickly and evenly.
- Grooves catch the compression stocking and prevent it from popping off.
- Works like a traditional sock aid - just pull the stocking over the shell, insert the foot and pull the cord to bring the hose up onto the leg.
- Suitable for Class 1 and 2 stockings.
- Recommended for below the knee stockings but may still be suitable for some above the knee models
