

Solaris - ReadyWrap - Toe

- ReadyWrap garments are designed to aid people living with venous disease or insufficiencies
- Created to replace daytime compression bandaging or serve as an alternative or supplement to elastic compression stockings
- Silver microfibre under-garment liner is available for added comfort
- Contraindications: arterial insufficiency or degeneration, deep vein thrombosis, untreated congestive heart failure, localised or systemic infection or cancer, absent or severely impaired sensation
- Unique design allows for adjustable toe girths
- Provides full foot coverage when paired with a ReadyWrap foot unit
