

Spex SuperShape Back Support

- The Supershape Back Support is designed for the individual who:
 - Has complex postural needs, significant spinal or trunk asymmetries or protruding skeletal prominences
 - Risks skin breakdown and has pressure care requirements
 - Requires greater immersion into back support for stability and comfort
- Expansion fabric cover that allows all kind of contouring without compromising skin protection
- Pressure reducing foam surface layer to absorb bony prominences
- Triple-layered cube contouring cell system provides configurations for a perfect fit and shape for the client
- Customisation to contouring are performed on-the-spot, as many times as you want
- Modular componentry means you can 'mix and match' with different lateral pad options and positioning supports
- Deep contour solution which offers exceptional contact to contoured areas of the body
