

## Kuchall Advance

- Configurable and adjustable, the Kuschall Advance® has been designed to be customized and adjusted easily to each user's specific needs
- Not until today has it been possible to provide a wheelchair with stepless adjustability at any time, with an accuracy in millimeters on the following parts: rear seat-to-floor height, front seat-to-floor height, centre of gravity, knee-to-heel length, front wheel supporter angle, brakes position, backrest angle
