

JAY Cushion - LowZone ECO

Entry level pressure reducing foam cushion with its any way up Visco elastic memory foam that distributes weight evenly across the seated area.

- **Stable Flat Foam Cushion** - Stable flat foam that can be used any side up. The foam offers a very comfortable seating sensation and helps to prevent discomfort and fatigue. The cushions are designed to be lightweight to reduce the impact on the overall weight but also ensure ease of transfer to another seat if needed.
- **Wipedown Cover** - An extra protective water-resistant 4-way stretch black PU cover to stretch enough so the user can immerse efficiently in the cushion, an additional Platittion liner protects the foam. The cover is easy to care for as it can be wiped clean and washed at 60 degrees.
- **Intelligent Pressure Reducing Foam** - Pressure reducing foam cushion with flat surface that distributes weight evenly.
