

Aspire Active Reach Tray Table

The Aspire Active Reach Tray Table is a premium, height-adjustable side table designed to improve comfort, accessibility, and independence at home. Its ergonomic design allows the table to slide close to most chairs or lounges, while the stand-assist handle offers valuable support when sitting or standing.

- **Ergonomic Adjustable Reach:** Base length adjusts from 570 to 800 mm, allowing a snug fit beside most chairs or lounges for optimal positioning.
- **Stand-assist Handle:** Provides a stable and reliable support point to assist users during sitting and standing movements.
- **Multiple Height Settings:** Height easily adjusts and locks into place from 870 to 1020mm for personalised comfort.
- **Swing-away Surface:** Ideal for dining, reading, crafting, laptop use, or everyday tasks with convenient side access.
- **Luxury Carrara Marble Top:** Laminated, durable, and easy to clean, offering a premium look with practical wipe-down maintenance.
- **Built-in Cup Holder & Pencil Tray:** Keeps drinks, pens, and small items organised and within easy reach.
- **Compact Storage:** Disassembles into a slim profile for easy storage under a bed, in a cupboard, or for transport.
- **Safe Working Load:** Tray table supports up to 13kg; stand-assist handle supports up to 113kg.
