

Smoov One

The SMOOV one is an innovative electric drive that you can easily dock on to and off your wheelchair whenever you need some extra power. This modern and sporty power unit significantly increases the driver's mobility.

- Rear-mounted power assist for your wheelchair
- Discreet, unobtrusive design
- Can be mounted to most active rigid-frame and folding wheelchairs
- Swivelling drive wheel for dynamic driving
- Extremely swift, turns itself on the spot
- Efficient, high-performance drive unit
- Tilted driving is also possible with the SMOOV one
- Intuitive docking and undocking of the drive unit and control unit
- Easy to use thanks to the ergonomic, wireless control unit
- Individual adjustment and extension of the scope of functions possible via the SMOOV Mobility App
- Easily detach your SMOOV one at any time with the releasing device and carrying handle: even whilst you are sitting in the wheelchair
- The SMOOV one is light enough for daily use, yet robust with high-quality materials and weighs just 7.2 kg
- Integrated Lithium-Ion 224 Wh battery
- Use the easy-connect, magnetic charger and just plug the cord into a standard outlet
- USB-C socket - Charge the control unit or a smartphone
