

Bruno Stair Lift - Elite

Bruno's Elite Stair Lift is custom designed and hand-crafted to deliver a smooth, comfortable ride for straight and curved indoor stair cases, as well as straight and curved outdoor stair cases.

- **High safe working load:** Supports up to 181kg.
- Weather resistant: Withstands environmental elements in outdoor applications.
- **Safe:** Seat swivels up to 90 degrees away from steps, then locks in place for safe exit. Seat belt and obstruction sensors ensure safety.
- **Space-saving design:** Narrow vertical rail design leaves plenty of open space on the steps for family members. Arms, seat, and footrest fold to save space when not in use.
- **Simple operation:** Push the armrest paddle control to travel up and down stairs. Also includes 2 wireless remote controls.
- **Dependable:** Battery-powered operation ensures performance even in a power outage.
