

TEQ-Secure Safety Pendant

- TEQ-Secure Safety Pendant powered by SOFIHUB is a lightweight, easy to use mobile personal alert system and can issue an emergency SOS to multiple people at the touch of a button via SMS
- Equipped with global positioning and mobile network technology, it can instantly pinpoint a person's location and enable immediate voice contact via a built-in speaker phone. Other features include fall detection and geo fencing
- **One Touch Calling:** When help is needed, simply press the SOS button on your TEQ-Secure to call up to three emergency contacts
- **Instant Location Message:** The TEQ-Secure also sends an automatic text message to your carer/family member with your current GPS location when the SOS button is used
- **Intelligent Messaging:** TEQ-Home Alarm intelligent messaging system can remind your loved ones when they should wear or charge the TEQ-Secure, when combined with TEQ-Home
- **Call User:** Family members/carers can directly call the TEQ-Secure to communicate with the user
- * TEQ-Secure safety pendant comes with a built in 4G SIM card which incurs a monthly charge of \$20.00 which covers all data usage and monitoring software
