

ROHO - Single Compartment

permobil

ROHO

This cushion offers an optimal environment for individuals with skin/soft tissue integrity issues. The cellular design and the soft pliable material allow the individual to be immersed into the cushion for maximum pressure redistribution, while decreasing friction and shear. The simple adjustment allows the cushion to fit the shape of the individual, minimising tissue deformation and maximising blood flow.

- **Adjustable:** Adjusts to individual's shape and weight, and changes in individual's position over time
- **Lightweight:** Easy to handle and carry
- **Washable:** Cushion can be easily cleaned with soap and water. Cover is machine washable
- **Repairable:** The flame-resistant, black neoprene cushion can be patched or repaired to extend its use
- **Skin Protection:** ROHO DRY FLOATATION® Technology provides unparalleled performance in facilitating blood flow by fitting, matching and tracking the shape of a person
- **Convenience:** All postural adjustments are made while the user is seated, eliminating the need for transfer on and off the chair during the evaluation process
- Available in Low Profile (Mid and High Profile available as {Sensor Ready {link to NEWCODE1}})

Warranty Information

- 2 Years

✔ Contracted DVA product

✔ Contract approved
