

Spex Lateral Control Headrest

- The Lateral supports have step-less angle adjustment in width, depth verticle up/down and horizontal angle fine tuning
- Softly padded foam inner head support, with supple upholstery covers
- Powerful clamp mechanism allows super-quick release and prevents lateral movement
- Lateral pads can be installed either at the top of the head or at the bottom depending on the support that is required
- Extra strong and non-wobbly. Ball linkages secure with hex-head bolts which can be tightened fast
- No protruding bar at rear
- Exceptional carer-friendly design doesn't harm anyone pushing the wheelchair
- Goose-necked stem permits additional fine-tuning, forward and rearward
