Q500® SERIES
Make your own adventure

Advanced Engineering. Customised for you.
ADVANCED ENGINEERING.
CUSTOMISED FOR YOU.

QUICKIE®, SEDEO®, JAY®, WHITMAYER® and SWITCH IT® bring you the most comprehensive range of premium, innovative and technically advanced powerchairs, each created individually for you whatever your clinical or lifestyle need.
THE POWER OF QUICKIE®

From basic mobility to complex rehab. A wide range of bases, drive tractions, seating systems, electronics, controls and accessories, that can be combined to create the perfect powerchair for each individual need.
Resulting from years of experience of market leading drive bases, seating and advanced electronics, QUICKIE® introduces the QUICKIE Q500 Series. Explore the outdoors with the Q500 and make your own adventure!
ROBUST OUTDOOR POWERCHAIRS

With a choice of three drive bases (all of them with advanced suspension technologies and powerful motors), the highly customizable SEDEO® PRO seating or the multi-adjustable SEDEO LITE (including JAY and WHITMYER) and a wide range of high end R-Net and SWITCH-IT controls, you can tailor your Q500 individually to you whatever you clinical and lifestyle needs are.

**CHOOSE YOUR BASE**

**FRONT, REAR OR MID-WHEEL DRIVE**

All the Q500 bases offer outstanding outdoor performance combining powerful 4 torque motors, drive wheel suspension for great comfort and traction, large wheels, speeds up to 10 kph and batteries up to 80 Ah.

The choice of a drive base affects how the chair performs in different situations and environments. QUICKIE Q500 offers the most complete range of bases in the market so each user can select the best option based on his/her personal preferences, experience, clinical, lifestyle and environmental needs.

</table>
**Q500 R**  
REAR-WHEEL DRIVE  
The rear-wheel drive is a stable base with good kerb climbing ability. Easy to drive, provides great drive control and stability.

**Q500 M**  
MID-WHEEL DRIVE  
Mid-wheel drives offer unmatched maneuverability, with a smaller foot print than rear or front, it offers the most compact turning circle and is extremely intuitive to drive and control.

**Q500 F**  
FRONT-WHEEL DRIVE  
The front-wheel drive base offers great outdoor performance with good indoors maneuverability, and best stability on steep declines. Could require more experience to drive.
PERFORMANCE BASES

Q500 M
MID-WHEEL DRIVE BASE

The new QUICKIE Q500 M base balances superb indoor maneuverability with outstanding outdoor performance. Its powerful motors combined with 6 wheels suspension and QUICKIE’s anti-pitch technology, will ensure you have the most comfortable and safe driving experience.

SUPERIOR INDOOR MANEUVERABILITY

Great access through narrow doorways, in lifts and around confined spaces, with the compact turning radius and base dimensions. Easily transfer into and out, effortlessly access vehicles and under tables with the lower than ever before seat to floor height from 41.5 cm with powered COG Tilt, or 42.5 cm with Lift & Tilt.
SUPERB OUTDOOR PERFORMANCE

ALL WHEELS SUSPENSION
Enjoy a smooth and stable ride, even over rough terrain, with QUICKIE’s patented all-wheel suspension - six independently suspended wheels absorb all those bumps. Climb kerbs of up to 100 mm and have the best traction even when ascending gradients of up to 8 degrees.

ANTI-PITCH TECHNOLOGY
QUICKIE’s anti-pitch technology eliminates pitching on slopes, and with all your weight located directly above the drive wheel to maximise traction and drive performance.

MAXIMUM FREEDOM
With ultra-reliable high torque 4-pole motors powering speeds of 8,10 kph and a choice of 60 or 72 Ah batteries to maximize your range, you can always travel in confidence with the Q500 M.
Q500 F
FRONT WHEEL DRIVE BASE

Q500 F, with in-rigged castor arms design, is responsive and offers good maneuverability for indoor use. Q500 F offers a lower seat to floor height of 415 mm to provide good access to wheelchair adapted vehicles, tables, and transfers.

EASY AND INTUITIVE
Q500 R delivers an easy to handle and intuitive drive due to the drive wheel position
OUTSTANDING OUTDOOR PERFORMANCE

ADVANCED DRIVE WHEEL SUSPENSION
With the Full Track Suspension System you can overcome any obstacle and barely feel it. Together with the leveller technology, it will ensure you a smooth and comfortable ride in any terrain!

LEVELLER TECHNOLOGY
Maximum traction thanks to the unique leveller technology. Both drive wheels are connected by a pivot bar that absorbs the natural pull to one side when travelling across cambers and round corners at speed so both wheels keep maximum traction at any time.

MAXIMUM FREEDOM
With large wheels, powerful high torque 4-pole motors powering speeds of 8 or 10 kph and a choice of 60 or 72 Ah batteries to maximize your range, you can always travel in confidence with the Q500 F.

The Q500 F offers a robust design combined with advanced drive wheel suspension, leveller technology and powerful motors to ensure a smooth and stable ride in any terrain.
PERFORMANCE BASES

Q500 R
REAR WHEEL DRIVE BASE

Q500 R offers a lower seat to floor height of 415 mm, you can access your wheelchair chair adapted vehicle too and transfers.

EASY AND INTUITIVE

Q500 R delivers an easy to handle and intuitive drive due to the drive wheel position.
FULL TRACK SUSPENSION
With the Full Track Suspension System you can overcome any obstacle and barely feel it together with the leveller technology will ensure you an smooth and comfortable ride in any terrain!

LEVELLER TECHNOLOGY
Maximum traction thanks to the unique Leveller technology. Both drive wheels are connected by pivot bar that absorbs the natural pull to one side when travelling across cambers and round corners at speed so both wheels keep maximum traction at any time.

MAXIMUM FREEDOM
With large wheels, powerful high torque 4-pole motors powering speeds of 8 or 10 kph and a choice of 60 or 72 Ah batteries to maximize your range, you can always travel in confidence with the Q500 R.

The Q500 R Robust design combined with the unparalleled performance of Full Track Suspension System, leveller technology and built in traction control you don’t need to compromise on a smooth, stable ride with full control of your chair at all times.

**SEDEO PRO**

High-end fully adjustable and configurable seating frame with a wide range of cushions and positioning options. With a wide range of armrests, armpads, legrests, seat and back cushions, headrests and positioning accessories, SEDEO PRO offers great flexibility to adapt to the individual user needs.

**SEDEO LITE**

Multi-adjustable seat frame with sling back. Sedeo Lite is designed for users with medium to low clinical needs that requires adjustable seating system. Offers sling back with optional cushions and flip up armrest. The backrest, armrest and legrests can be adjusted to fit the user. Includes seat frame with seat rail for additional mounting solutions.
The SEDEO PRO seating system combines a highly adjustable and configurable seating frame with an excellent choice of support and positioning options, including a wide range of SEDEO PRO seat cushions and backrests to meet clinical needs.

**QUICK & EASY TO ADJUST**

The SEDEO PRO frame offers great flexibility. All adjustments can be done in a very quick and easy way using just one tool, even with the user in the chair. It can be easily customised to suit individual requirements and quickly adapted to changing needs.

**POWER SEAT FUNCTIONS**

![50° TILT](image1.png)  
![12° LIFT](image2.png)
Highly Customisable Seating

**Anti-shear backrest**
Discover the new powered recline backrest with 100 mm anti-shear - makes sure that there is no sliding between you and the cushion. Additionally the SEDEO PRO is available with a fixed backrest or two other reclining backrest options: Mechanical and with actuators.

**Power elevating legrest**
The power elevating and length compensating legrest allows you to reach the best position. It is available as a centre mount and a swing away. Additionally you can also choose from a standard centre mount or 70° swing away legrest and a manual elevating swing away legrest.

**Flexible back cushion**
A wide range of wheelchair seat cushions and backrest cushions is available for the SEDEO PRO seating system, including the flexible back cushion with adjustable straps and lateral support - for unique comfort and easy positioning.

**Positioning elements**
Many positioning elements are available like SEDEO headrests & WHITMYER headrests, swing away lateral thoracic supports, thigh supports or knee supports. All positioning elements are easily swing away or detachable.

**Flip back armrests**
The easy to operate flip back armrest gives you free transfer space. You can choose from a removable or reclining version. Also available: Single post removable armrest. All compatible with 5 armpad options.
SEDEO LITE

The SEDEO LITE is very comfortable to use and enhances user independence in everyday life. Its multi-adjustable seating frame includes a side seat rail for additional mounting solutions and a wide range of options to cover mild to moderate user’s clinical needs.

QUICK & EASY TO ADJUST

All adjustments of the SEDEO LITE can be done in a very quick and easy way thanks to its self-explaining scales, and using just one tool. Parts can be adjusted, repositioned or turned to create the best support for the user and can be adapted to changing needs.
MULTI-ADJUSTABLE SEATING

SLING BACK WITH OPTIONAL COMFORT CUSHIONS
The SEDEO LITE offers height adjustable sling back with adjustable straps, and a range of optional comfort cushions including two seat cushions and four back cushions with adjustable straps and different contours for better comfort and positioning.

JAY cushions and backs and are also compatible with SEDEO LITE frame to cover higher clinical needs.

FLIP BACK ARMRESTS
The easy to operate flip back armrest gives you free transfer space. You can choose from a removable or reclining version. All compatible with different armpad options.

LENGTH COMPENSATING SWING AWAY LEGRESTS
The swing away length compensating legrest allows you to reach the best position. Also available a wide range of swing away and centre mount legrests both in manual and power elevating versions. From simple version to the SEDEO LITE swing away legrest with many options.

INTEGRATED HEADREST DESIGN
The integrated headrest mount provides a new standard in adjustment and design. Compatible with SEDEO and WHITMYER headrests.

POSITIONING ELEMENTS & INTEGRATED SEAT RAIL
Different positioning elements are available like swing away lateral thoracic supports, thigh supports and knee supports. All of them are easily swing away and detachable. The integrated seat rail offers many options for mounting the different positioning elements.
JAY® & WHITMYER®
POSITIONING OPTIONS

A wide range of WHITMYER headrests and JAY cushions are available and compatible with the SEDEO PRO and the SEDEO LITE frames to meet higher clinical needs and ensure we offer the best seating possible.

WHITMYER HEADRESTS
Created to address a range of user needs from basic support to multiple-point control. WHITMYER headrests come in a variety of pad shapes and sizes for superior head positioning and comfort.

JAY CUSHIONS & BACKS
Designed for pelvic stability, skin protection and comfort, JAY cushions and backs are low maintenance, highly customisable and are available in a large variety to meet your needs.
Be the master of your environment with the Q500 Series and its advanced controller technology. Not only can you control your Q500 the way you want, but also your household appliances, phones and computers.
VR2 & R-NET
ADVANCED JOYSTICK

Every Q500 comes with a choice of the reliable VR2 control or the superior R-Net advanced joystick. A large, easy-to-read HD display and simple to control paddle switches allow for intuitive operation.

CONNECT
Seamlessly take control of your environment using the integrated Infrared functionality. Control your home entertainment system, TVs, DVDs, docking stations and other home entertainment systems simply through your joystick.

BLUETOOTH & IDRIVE
Control your phone, computer, tablet and any other Bluetooth and i-devices with this useful optional extra. Connect and control up to four devices.

QUICKIE’S PATENTED ASSIGNABLE BUTTONS
Change the function on any button on your joystick to any command you desire, thanks to QUICKIE’s patented assignable buttons. You can also assign a second (long press) function to buttons, giving you quicker, simpler and smoother access to functions you commonly use without having to use your joystick.
If driving with a traditional joystick is not the best option, alternative drive controls allow you to fully experience your chair’s driving capabilities and benefits.

Conveniently access your 5 programmable positions with the Ctrl+5 – a perfect combination with Memory Seating. It allows you to go straight to the function you need at the touch of a button.
By using a combination of available modules and rods, you can create an endless number of combinations to accommodate what you need. Not only is it easy to position, Link-It also ensures the minimalistic, clean design of your wheelchair isn’t compromised by additional controls. So whether it’s an extra controller on the armrest, a push button on the backrest or a switch on the headrest, just link it.

Need to use additional switches or special controls? No problem, easily connect them using the universal Link-It Mounting System.
With the Q500 series, we’ve taken style to the next level. With a matt-black chassis finish, hidden wiring and components combined with sharp-tailored upholstery, it’s a sleek and contemporary design.

Fancy a change?
The Q500 series with SEDEO PRO and SEDEO LITE, also come with a choice of 7 contemporary colour inlays to perfectly complement its striking matt-black bodywork. Simply replace the colour inlays. Styling your powered wheelchair has never been so simple.
