

ASPIRE SCOOTER RANGE – NOW AVAILABLE!

We are pleased to announce the arrival of **Aspire Mobility Scooters**, now available!

Following the acquisition of Mobility Wholesale Distributors (MWD) in QLD, Aidacare took over the distribution of the **CTM** range of Scooters in Australia, which sold particularly in QLD for many years.

We have worked with CTM to continue distributing the range but under our own **Aspire** brand. It is the first batch of Aspire branded scooters that have just arrived into stock.

This is a superb range and any discerning buyer is sure to find a perfect match for their use, size and style.

PRODUCT FEATURES

- o Please review and familiarize with the Aspire Scooters Brochure and the Scooter Selection Guides for full details for each scooter.
- o The range covers all size categories including:
