

ASPIRE LIFT RECLINE CHAIRS UPDATE!

After the overwhelming success of our Aspire Lift Recline Chair Range, we have decided to make some product improvements and additions to further enhance our offering.

Raphael Quattro Chairs are now available in 4 x sizes (S, M, L, MAXI) and Verona/Maui chairs now come with integrated memory foam within the seating surface.

With these changes it was originally planned that the new Raphael Quattro Maxi (CHP227320) would replace the Montana Maxi chair (CHP227400), so this had been discontinued... however after strong market feedback we have decided to reinstate the Montana Maxi and run both models. This unfortunately has resulted in an approx. 8-10-week stock out for the Montana. Stock of the new Raphael Quattro Maxi will be available during this time.

PRODUCT UPDATES

- Raphael Quattro Chair now available in 4 x sizes! These sizes are in line with our Signature Chair Range allowing for a more specialised fit for the user, a key selling point for therapists!
 - Small, Large & Maxi – **NEW!**
 - Medium – Existing
- Addition of Memory foam into the seating surface of the Verona (CHP227100) & Maui (CHP227110) chairs which improves comfort and helps to facilitate pressure redistribution
