## Rubber Threshold Ramps

**Simple. Safe.**  
**Seamless Access.**

## Rubber Threshold Ramps

### Versatile Sizing for a Perfect Fit

With a comprehensive range of heights and gradients to perfectly match your specific threshold.

### Unmatched Durability

Made from 100% high-density recycled rubber, Hiline ramps are built to withstand constant use, heavy mobility equipment, and all weather conditions.

### Superior Slip Resistance

High-traction, textured surface provides exceptional grip for wheels and footwear, ensuring maximum safety and peace of mind with every transition.

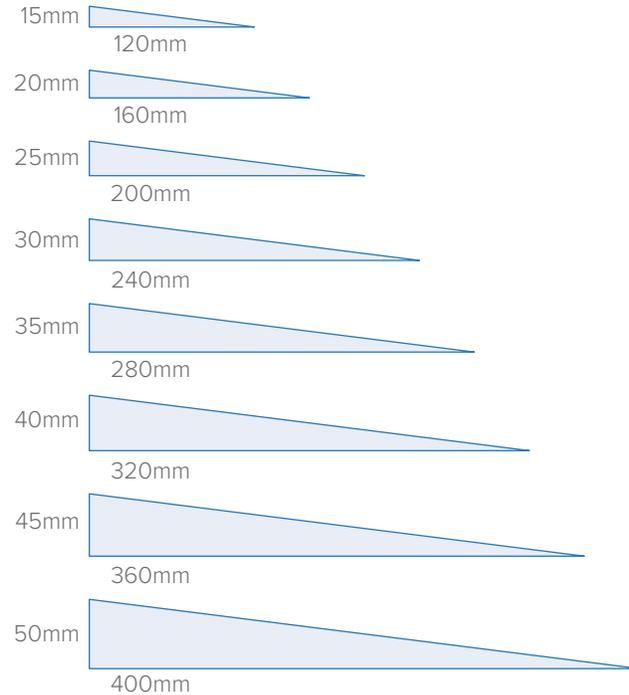

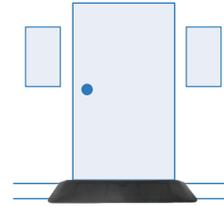

### Tool-free Installation

The non-slip base keeps the ramp securely in place. Simply lay it down for immediate access and move or reposition when needed.

## Splayed Side Ramps

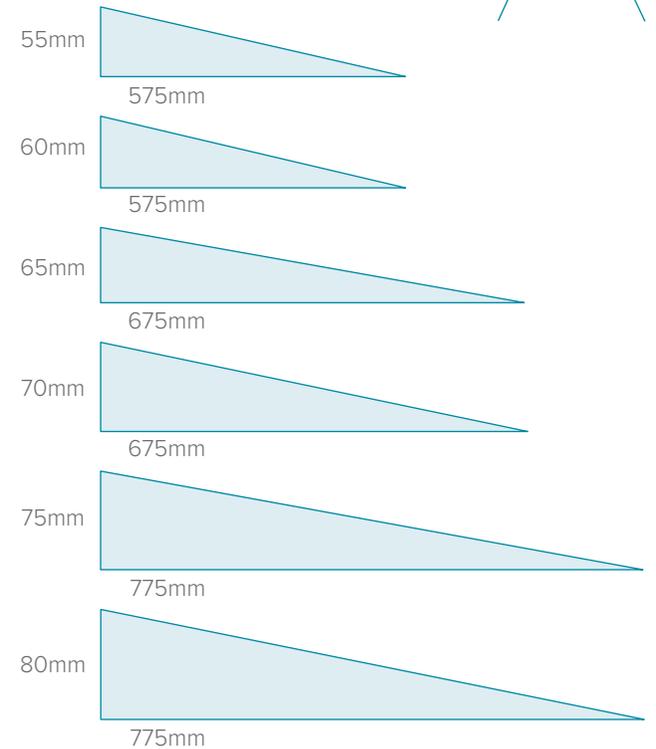

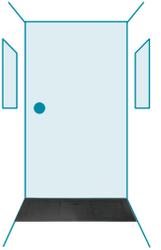

Splayed ramps feature angled edges that allow smoother access from different directions. They're ideal for wider entry points or open areas where users may approach the threshold at an angle.

Code	Height	Width	Depth
RAM656230	15mm	900mm	120mm
RAM656232	20mm	900mm	160mm
RAM656234	25mm	900mm	200mm
RAM656236	30mm	1050mm	240mm
RAM656238	35mm	1050mm	280mm
RAM656240	40mm	1050mm	320mm
RAM656242	45mm	1150mm	360mm
RAM656244	50mm	1150mm	400mm

## Straight Side Ramps

Straight ramps have vertical sides that create a compact, defined profile. They're best suited to narrow doorways or tighter spaces where a direct, straight approach is required.

Code	Height	Width	Depth
RAM656246	55mm	900mm	575mm
RAM656248	60mm	900mm	575mm
RAM656250	65mm	900mm	675mm
RAM656252	70mm	900mm	675mm
RAM656254	75mm	900mm	775mm
RAM656256	80mm	900mm	775mm
