- Linak Electronics & Handset
- Safe Working Load of 220kg
- Removable Mattress Platform

RANGE

- **Chair Weight:**
  - Max. User Weight: 16kg
  - 125kg

www.aidacare.com.au
1300 133 120
The Aidacare AC3 bed is a three function bed tailored to the Aged Care environment. Designed in Australia to meet International Standards, the premium frame and Linak electronics will ensure long term reliability and safety.

Multiple functions and accessories combine to exceed the comfort, support and safety expectations for a diverse range of users.

**LEADING QUALITY FRAME & ELECTRONICS**
Australian designed durable steel frame with European Linak electronics and handset allows for market leading warranty provision.

**INTEGRATED BED EXTENSION**
Provides an additional 195mm length to cater for all users.

**CENTRAL LOCKING**
125mm twin castors with full width foot pedal.

**WARRANTY**
- FRAME: 10 YEARS
- ELECTRONICS: 3 YEARS
- HANDSET: 1 YEAR

**Bed Functions**
- **BED HEIGHT RANGE**: 285 - 685 mm
- **BACKREST INCLINE/DECLINE**: 70°
- **KNEE BEND INCLINE/DECLINE**: 35°

**CABLE MANAGEMENT**
Ensures cables are kept safely out of the way for residents and care staff. Easy access service compartment for electronics.

**REMOVABLE MATTRESS PLATFORM**
Facilitates easy cleaning and infection control compliance.

**REMOVABLE LAMINATE BED ENDS**
In a contemporary beech finish. Any finish available to order.

**WALL PROTECTION SYSTEM**
A wall locator bar facilitates bed positioning and helps prevent wall damage.

**Optional Accessories**
- Side Rails BEA029700
- Handset Holder Bracket BEA029705
- Self Help Pole BEA029705
- IV Pole BEA029710
- Handset Holder Bracket BEA030030

**WARRANTY**
- FRAME: 10 YEARS
- ELECTRONICS: 3 YEARS
- HANDSET: 1 YEAR

**AC3 Single Bed is registered in the ARTG, AUST R ARTG 239178**

**IEC60601-2-52:2010**

**HIGH SAFE WORKING LOAD**
- 220kg

**Bed Functions**
- **BACKREST INCLINE/DECLINE**: 70°
- **KNEE BEND INCLINE/DECLINE**: 35°
- **BED HEIGHT RANGE**: 285 – 685 mm
The AC3 King Single bed is a three function bed with the added comfort of a larger sleeping surface. It combines the benefits of the AC3 Single bed, including the premium frame and Linak electronics with the added safety of a wider mattress platform. Multiple functions and accessories combine to exceed the comfort, support and safety expectations for a diverse range of users.

**INCLUDES:**
- Integrated Bed Extension
- Removable Laminate Bed Ends
- Central Locking
- Removable Mattress Platform
- Leading Quality Frame & Electronics
- Cable Management
- Wall Protection System

**STYLE**

The AC3 King Single bed is designed to facilitate a homely environment for residents. Head and Foot boards can be removed to meet interior design requirements and the bed frame is compatible with valances, wooden surrounds, wall mounted headboards and comforter bed covers.

**SAFETY**

Mobility challenges, dementia, vertigo, memory loss and vision impairment are common ailments and contributing factors to falls risk. The wide surface of the AC3 King Single bed reduces the risk of falling out of bed. Residents feel more comfortable, whilst carers can have greater peace of mind for a resident’s safety.

**COMFORT**

Transitioning from a home to a care environment is life changing and can be daunting. Most residents are used to the space of a double or queen size bed so moving to a single bed can be disconcerting. The AC3 King Single bed provides more room for residents to move and reposition in familiar comfort.

**Optional Accessories**

- Side Rail BEA029700
- Self Help Pole BEA029705
- IV Pole BEA029710
- Handset Holder Bracket BEA029703
The Aidacare AC2 bed offers streamlined functionality without compromise, tailored for the Aged Care environment. Designed in Australia to meet International Standards, the premium frame and Linak electronics will ensure long term reliability and safety. Multiple features and accessories combine to meet the comfort, support and safety expectations for a diverse range of users.

MATTRESS RANGE

FEATURES
- Australian made covers using the highest quality European two way stretch fabric.
- Australian made foam
- Fire retardant
- Unique serial number
- Removable Cover:
  1. Easy inspection
  2. Facilitates better hygiene
  3. Fully washable
- Optimum infection control:
  1. Fully welded seams
  2. Water resistant zippers
  3. Reinforced waterfall flaps
- Mattresses do not require rotation, minimising OM&HS handling risks.

LIFECOMFORT
Dual layer support surface incorporating a full size memory foam overlay and durable high density foam base. European fabric cover has fully welded seams and water resistant zippers with reinforced waterfall flaps for maximum infection control.

ASSET MANAGEMENT
Covers have individual serial numbers heat transferred into base material. This allows accurate age tracking on fixed asset registers.

INFECTION CONTROL
1. Fully welded seams
2. Reinforced waterfall flaps
3. Water resistant zippers

ALTERNATING PRESSURE SYSTEMS

FEATURES
- Compact, powerful and ultra-quiet control units
- Two way stretch fully welded top cover – high temperature washable
- Waterfall flaps over all zippers for protection and infection control
- Medical Grade power cords run inside covers to avoid hazards
- CPR emergency release function
- Static head sections to eliminate dizziness

AIR-LO 3 OVERLAY
The Air-Lo 3 Alternating Overlay is effective in the prevention of pressure areas and skin breakdowns. Air-Lo 3 supports patient loads of up to 120kg and should be used in conjunction with a foam mattress or underlay. 21 pure TPU transverse air cells alternatingly allow pressure to be released across the skin surface. A great value choice for safely caring for patients assessed as at risk of developing pressure areas.

AIR-LO 5 OVERLAY
The Air-Lo 5 Alternating Overlay leads the field in the prevention of pressure areas and skin breakdowns. Air-Lo 5 supports patient loads of up to 170kg and should be used in conjunction with a foam mattress or underlay. 18 pure TPU transverse air cells alternate pressure to be released across the skin surface. When only the very best prevention and support is required, choose Air-Lo 5 to safely care for patients assessed at high risk of developing pressure areas.

AIR-LO 8 MATTRESS REPLACEMENT
The Air-Lo 8 Alternating Mattress Replacement system leads the field in the critical prevention and treatment of pressure areas and skin breakdowns. Air-Lo 8 will support patient loads of up to 200kg with 20 pure TPU transverse air cells which alternately allow pressure to be released across the skin surface. The 8 inch depth allows the Air-Lo 8 to be used without an underlying foam mattress or underlay. When only the very best prevention, therapy and support is required, choose an Air-Lo 8 Mattress Replacement to safely care for patients assessed as high risk or with existing pressure ulcers. Also available in King Single size.
