**MOBILITY SCOOTER SELECTION GUIDE**

At the heart of Pride’s philosophy is the understanding that mobility products empower lives. Through industry-leading, consumer-inspired design, Pride offers an innovative, distinctive and performance-driven comprehensive line of mobility products to help our customers lead the most active, independent lifestyles.

At Aidacare, we work in close association with Pride Australia to promote and support Pride mobility products.

- Pride Scooter products are all registered in the ARTG
- Please always read and understand your owners handbook before operating your new mobility scooter
- Please take care to observe safety and the speed limit requirements of your state when driving your mobility scooter
- Specification and other details on this information sheet may be subject to change without notice

**COMPACT**

- Battery condition & tyre condition
- Battery upgrades (where possible) improve Range Per Charge.

**MEDIUM**

- Can handle rougher terrain well.
- Comfort Trac front & rear suspension (PTS)
- Disassembles for easy transport
- Front & rear suspension
- Up to 6.4km/h

**LARGE**

- Can handle rougher terrain very well.
- Comfort Trac front & rear suspension (CTS)
- Great outdoor stability, ease of use and maximum value
- Comfortable frontmounted gear seat
- Rear basket as standard
- Sleek & sporty design
- LED headlights, tail light and indicators on some models
- Low profile puncture proof tyres or pneumatic tyres

**SAFE USE VIDEO**

At Aidacare, we strongly recommend you watch our 7 minute YouTube video, ‘Getting to Know your Power Mobility Device’ that covers the above 8 points in detail and more.
