**ORIENTATION SIGNS**

**Orientation Signs**

These signs can provide an effective means to assist people who have difficulty navigating their environment. Most effective signage is large, with bright, contrasting colours that feature words and symbols. Suitable for people with dementia who are becoming disorientated. Signage should be placed at eye height and preferably on the door it relates to. Available in Small 200mm, Medium 300mm and Large 400mm wide. Adhesive back.

**Room Motion Monitor**

- Talk back
- Sound sensitive light display
- Paging function
- 3 year warranty
- Night light
- Variable mute function
- Digital volume control
- Out of range/low battery warning
- Rechargeable batteries included
- In-use time up to 20hrs

**Orientation Signs – Bedroom with Name**

- Write the name of your loved one on the sign to allow them to identify their bedroom
- Adhesive back
- Available in small, medium and large

**Time & Day of Week Calendar Clock**

- Day of the week spelt in full
- Easily read from 20m
- Reliable battery-operated German movement
- Automatic calendar function that self-adjusts for leap years
- 12 hour format with AM/PM indicator

**PRODUCT APPLICATION GUIDE**

Aidacare are a DVA contractor. Ask us about DVA funded products.
Dementia care

Dementia can happen to anybody, but the risk increases with age. It affects thinking, behaviour and the ability to perform everyday tasks.

Some early signs of dementia include progressive and frequent memory loss, confusion, apathy and withdrawal. Safely within the home is an important factor to consider when caring for a person with dementia. The home environment should help them know where they are and find where they want to go. This can be done with large orientation signs and using colour contrast to highlight important items or areas in the home.

Aidacare’s range of dementia care products aim to promote safety in the home for your loved ones.

Do you need help with product selection and sizes? Please contact Aidacare on 1300 133 120.

1. Glowing Surround for Light switch
   - A plastic frame which glows green in the dark, and is designed to stick (using adhesive) over the surrounds of an existing wall mounted light switch or power point.
   - The glow recharges using natural or artificial light. Will glow for up to 12 hours. Primarily used indoors.

2. Glow Tape
   - A glow in the dark tape containing a luminous substance which is visible for more than 100 hours after the lights go out.
   - It is charged from overhead and natural lighting.
   - Suitable for adhesion to smooth, hard, non-porous surfaces in dry areas (indoors).
   - Self adhesive.

3. Glowing Vinyl Sheet with Adhesive Back
   - Made from long afterglow photo luminescent pigment and plastic raw material.
   - It can be cut into all shapes and applied to clean and dry surface. Visible for 8-10 hours after 20 minutes of exposure to an adequate light source.
   - Simply cut out the required shapes from the vinyl, peel off the back strip and stick in place.

4. Glowing Great Grips
   - Soft slip resistant grips that can be applied to round knobs / handles to facilitate gripping and turning.
   - The V shaped projection (“mini lever”) on the grip enables a knob to be turned using pressure from a finger, elbow or a fist.

5. Glow Toilet Seat
   - Provides high contrast definition & illumination for people suffering from dementia or vision impairment. Made from strong, lightweight, anti-microbial substance to inhibit the growth of bacteria and micro-organisms.
   - Up to 12 hours glow after 20 minutes exposure to adequate light source.

6. Glow in the Dark Tape
   - Primarily used indoors.

7. Wooden Toilet Seat
   - Soft slip resistant grips

8. Tap Turners
   - Platic lever covers for X shaped taps. They provide leverage to assist turning taps on and off with easily identifiable red and blue.

9. Calendar Clock
   - Automatic calendar function that self-adjusts for leap years.

10. Wireless Bed/chair pad alarm system removes tripping hazards. It can connect to nurse call system. Simple operation and maintenance.
