How we can help...

Bathroom & Toileting

Walking Frames & Sticks

Walkers

**hip & knee care**

Hip and knee joint replacements are helping people live active and pain-free lives. When an entire joint is damaged, a surgeon will conduct a whole joint replacement. The hip or knee joint is replaced with an artificial part known as a 'prosthesis' or 'implant'.

Guidelines to remember for 6 weeks post operation:

- **Support hip and knee placement during sleep**
- **Avoid excessive joint mobility**
- **Avoid high impact activity**

It is important to consult with your Doctor, Physiotherapist, Occupational Therapist or other health professional and follow their recommendations.

To make the process easier, you may purchase daily living aids, seating supports, pillows and mobility aids prior to surgery so that all the equipment is available and ready for you upon discharge from hospital.

Do you need help with product selection and sizes?

Please contact Aidacare on 1300 133 120. For Therapist Solutions please enquire about how else we can help you.

**Aspire SHOWER CHAIR**
- Individually treated for corrosion resistance
- Arms for secure transfers
- Fully adjustable seat height and angle
- Easy to clean & assemble

**Aspire TOILET SURROUND**
- Frame provides assistance in transferring on and off toilet
