**Sheepskin Palm Protector**
- Provides comfort for patients with hand contractures
- Designed to offer moisture absorption, reducing the likelihood of maceration
- One size fits all

**Pressure Care Assist**
- Helps reduce the risk of pressure area breakouts in the heels, sacrum, shoulders or head
- Medical grade sheepskin

**Dermasaver Ankle Garment**
- Covers and protects both malleoli, the bony prominences on either side of the ankle

**Dermasaver Elbow Tube**
- Protects from pressure, friction and minor traumas
- Allows air flow
- 2 layers of soft, lightweight micro-spring textile

**Bed Heel Elevator**
- Wedge-shaped contoured foam provides excellent support for the lower leg
- Rigid foam aids blood flow and reduces pressure

**Compression Medical Stockings**
- Improves blood flow in the lower limbs and assists in the prevention and management of varicose disease
- Compression treats fluid build-up from lymphoedema

**Hip Protector Pants**
- Reduces the risk of hip injury
- Designed for optimum style & comfort, it is lightweight & flexible enough for everyday wear for more active people

**Short Slipper Boot**
- Assists in the prevention of pressure ulcers on the feet with an existing condition
- For use primarily in bed, wheelchair or chair

**Dermasaver Elbow Tube**
- Protects from pressure, friction and minor traumas
- Allows air flow
- 2 layers of soft, lightweight micro-spring textile

**Dermasaver Ankle Garment**
- Covers and protects both malleoli, the bony prominences on either side of the ankle

**Sovereign Snug**
- Beautifully crafted Sheepskin Snugs will accommodate mild foot oedema whilst offering support and comfort
- Made especially from carefully selected lambskin

pressure care

Pressure injuries can develop in anyone with reduced mobility. They commonly occur when there is prolonged pressure on bony prominences such as the elbow, heel, shoulder, back of head, lower back and the buttock area. If left untreated, pressure injuries can lead to serious complications. Therefore, prevention is key to managing areas at risk of a pressure injury. Prevention tips include regular changes to position, good hygiene and skin care, and a healthy diet.

Do you need help with product selection and sizes? Please contact Aidacare on 1300 133 120. For Therapit Solutions please enquire about how else we can help you.

Rental
Did you know that Aidacare offers a comprehensive range of equipment for rent? We’ve got you covered! Should you need any products for home care and recovery? Call our friendly staff for short term & long term rental options!
