therapy & exercise

After an injury, it is important to engage in a rehabilitation program designed by your Physiotherapist, Exercise Physiologist, Occupational Therapist or other relevant discipline.

These programs will include a home based component which play a crucial role in the recovery process and can help you get back to participating in your favourite activities more quickly.

Aidacare's therapy and exercise range provides you with the equipment you need to manage and maintain your physical rehabilitation needs in the home. Discuss with your relevant health professional for the most appropriate items for your needs.

Do you need help with product selection and sizes? Please contact Aidacare on 1300 133 120.
