Important information is contained in this booklet. Please read it carefully before using your Invacare Ramp. Consult your doctor, therapist or other qualified professional to determine if the Invacare Ramp will suit your needs.
3 Year Warranty

Your Invacare Ramp is warranted to be free of defects in material and workmanship for a period of 3 years, for the original consumer. This device was built to precise standards and carefully inspected prior to shipment. This 3 year warranty is an expression of our confidence in the material and workmanship of our products and assures years of convenient, dependable service. In the event of a defect covered by this warranty, we will, at our discretion, repair or replace the device. This warranty does not cover device failure due to owner misuse, negligence, or normal wear and tear. The warranty does not extend to non-durable components such as tapes, handles/grips and rubber boots, which are subject to normal wear and tear. Non-durable components are warranted for a period of 6 months.

If you have a question about your Invacare product or this warranty, please call us on 1800 460 460 (Australia) or 0508 468 222 (New Zealand).

Safety Instructions

TO ENSURE YOUR SAFETY IN USING THE INVACARE RAMP, THE FOLLOWING WARNINGS AND SAFETY INFORMATION AND ALL INSTRUCTIONS MUST BE FOLLOWED.

GENERAL WARNINGS & SAFETY INSTRUCTIONS

• DO NOT use this product without first reading and understanding the instructions contained in this booklet. If you are unable to understand the Warnings, Cautions or Instructions, contact a healthcare professional, dealer or technical personnel before use - otherwise serious bodily injury or product damage may occur.

• Consult with your doctor, physical or occupational therapist, or other qualified healthcare professional regarding the proper length requirement for maximum safety; and correct usage.

• Ramps are for individual use only

• Do not exceed the maximum weight capacity (MWC) (300kg).

\[
\text{MWC} = \text{User weight} + \text{Mobility device weight} + \text{Bag contents/extras weight been carried} + \text{Caregiver weight (if also using)} \\
\text{(must be below the MWC)}
\]

or serious injury could result

• Before each use make sure the ramp is fully opened and in a stable position.

• Make sure that all parts are secure and that moving parts are in good working order.

• All rubber pads must be in contact with the top and bottom levels at ALL TIMES. This will ensure the ramp is properly balanced.

• Do not use the ramp to walk backwards, as serious risk of a fall or injury may occur.

• Do not perform any adjustments to the ramp while it is in use.

• Only use accessories and spare parts authorized by Invacare for use with this ramp specifically.
Assembly Instructions

Note: You may wish to request a set up and operating demonstration with your local Invacare state office or Dealer.

Component List:
No Tools Required
- 1 Ramp
- 1 vinyl storage bag (Personal & Multi Purpose Ramps only)

Figure 1: Unpacking Ramp

1. Carefully remove the Ramp from the shipping carton.
2. Carefully remove the Ramp from the plastic protection bag.
3. Examine Ramp for shipping damage. DO NOT use the Ramp if there is apparent damage or if any parts/components are missing. If there are missing or damaged parts, please call Invacare Customer Care toll free on 1800 460 460 (Australia) or 0508 468 222 (New Zealand).

4. Read and understand the Safety Label. If there is anything you don’t understand, please call Invacare Customer Care toll free on 1800 460 460 (Australia) or 0508 468 222 (New Zealand).

User Information

– Multiple Languages, ensure you select the language you understand
Operating Instructions

OPENING / FOLDING THE RAMP

Opening

Inspect the surface area where the Ramp is required to be positioned, to ensure this is level at the Top and Bottom where the Ramp Rubber Pads will make contact.

To ensure safety and prevent damage to your Ramp, you must ensure there is 50mm of overhanging the support surface at the Top and Bottom of the Ramp.

Figure 2: Unfolding Ramp (EBL model used)

1. Place the Ramp onto the farthest point from the side you are standing from where the Ramp will be used, leaving it in a folded position, and laying on its side (not end), (dependant on model you may need to release the safety latch). Make sure the "Top" Label is at the highest point.
2. Open the top side buy lifting upwards
3. Continue to lift upwards until all panels are exposed, and lower to ground
4. Check to make sure it’s sitting completely opened and make sure that all rubber pads make contact, with the top and bottom surface to ensure stability when in the open position.

Folding

Warning:
Check to make sure you have read and understand the safety label, Refer to page 5

All information, including pricing and specifications, subject to change without prior notice. Photographs are for illustration purposes only & may vary from actual product. Invacare®, and Yes, you can., are trademarks of Invacare Corporation. © 2009 Invacare Corporation.
• Reverse to close.
• Ensure you have closed the latch once folded and prior to moving.

CHECKING
Before each use
• Check to make sure the all parts and components are working properly.
• Check to ensure there is no damage. (Includes freied webbing, crack panels, torn non slip tape etc)

Caution: After making these checks, you MUST NOT use the Ramp if there is any damage or any parts/components that are not working properly

Using the Ramp

For proper positioning and use of your
• DO NOT exceed the maximum weight capacity of 300kg (250 lbs.)
• SAFETY WARNINGS: Also See General Warnings and Safety, Page 2 & 3
• Before using the Ramp understand all safety requirements
• Before use check Ramp for any worn or damaged components or areas
