The Aidacare Aspire A150F is a lightweight and portable folding patient lifter designed for home and community environments.

**Features**

- **Folds for Transport and Storage:** Folds quickly and conveniently for storage or transport in the boot of the car.
- **Offset Leg Design:** Provides additional accessibility around chairs and furniture in the home.
- **Quality Castors:** 2 x 75mm front castors for maximum under bed clearance and accessibility. 2 x 100mm rear locking castors for safety and manoeuvrability.
- **Intelligent Diagnostics:** State of the art Linak Jumbo Care control system. Tracks usage and service requirements for safety and compliance.
- **Leg Function:** Simple foot operation to open or close legs for lifting stability or accessibility.
- **Build Quality:** Strong powder coated aluminium frame with industry leading Linak electronics and warranty provision.
- **Sling Compatibility:** Compatible with a large range of Aspire Slings, as well as other brands. See page 18 for Full range of Aspire Slings.

**Quick Release Yoke Attachment:**
One touch release and attach mechanism, designed for the busy caregiver. Padded yoke for added patient safety.

**Ergonomic Handset:**
The latest slimline technology from Linak fits neatly in the hand with an intuitive control panel. Battery and service indicator lights assist with service scheduling.

**Safety:**
Critical features include emergency stop button, emergency lowering and anti-entrapment technology, with both patient and caregiver safety at heart.

**S.W.L:**
150kg

**For Detailed Technical Specifications See Page 18**
The Aidacare Aspire A205 is a compact and versatile aluminium mobile lifter with powered legs that is ideal for home, community and facility environments.

**FEATURES**

**TRANSPORT OR STORAGE**
Is quick and convenient with tool free disassembly

**INTELLIGENT DIAGNOSTICS**
State of the art Linak Jumbo Care control system. Tracks usage and service requirements for safety and compliance

**QUALITY CASTORS**
2 x 75mm front castors for maximum under bed clearance and accessibility
2 x 100mm rear locking castors for safety and manoeuvrability

**ADJUSTABLE HEIGHT**
Three adjustable height settings provides the caregiver with the flexibility to adjust the height range to suit the specific lift and patient scenario

**POWERED LEG FUNCTION**
Opens and closes the legs for lifting stability or accessibility

**BUILD QUALITY**
Strong powder coated aluminium frame with industry leading Linak electronics and warranty provision

**S.W.L**
205kg

**SLING COMPATIBILITY**
Compatible with a large range of Aspire Slings, as well as other brands.
See page 18 for Full range of Aspire Slings

**SAFETY**
Critical features include emergency stop button, emergency lowering and anti-entrapment technology, with both patient and caregiver safety at heart

**QUICK RELEASE YOKE ATTACHMENT**
One touch release and attach mechanism, designed for the busy caregiver. Padded yoke for added patient safety

**ERGONOMIC HANDSET**
The latest slimline technology from Linak fits neatly in the hand with an intuitive control panel. Battery and service indicator lights assist with service scheduling

**SAFETY**
Critical features include emergency stop button, emergency lowering and anti-entrapment technology, with both patient and caregiver safety at heart

**DESIGN UPGRADED FOR INCREASED SWL**

**PERFORMANCE**

The Aspire Swift Patient Mover is a compact standing aid that facilitates standing and transfers in the home, community and facility environments. Offering a more active transfer solution, users are encouraged to stand up independently, improving circulation, breathing and muscle strength. The Aspire Swift Patient Mover is an ideal alternative to a patient lifter for users with appropriate sitting balance, who require transfers over greater distances.

**Features**

- **Clip Sling Attachment Points**: Allows a standing sling (optional accessory) with clips to be used for additional support where required.
- **Height Adjustable Soft Knee Pad**: Provides comfortable counter balance stability during transfers.
- **Width Adjustable Legs**: Activated via 2 foot pedals, provide the ability to manoeuvre closer to furniture, toilets or beds for safer access.
- **Four User Contact Points**: The foot platform, knee pad, seat pads and grip handle promote stability, support and comfort for the user - resulting in greater confidence in the transfer.
- **Soft Touch Grab Handle**: Assists the user to move independently from sitting to standing.
- **Soft Seat Pads**: Swing out of the way to allow user access and swing back into place to provide a comfortable seating surface.
- **Rigid Foot Platform**: Provides a stable surface for the user to stand on and support their own weight.
- **Easy to Clean Surfaces**: For effective and hassle-free infection control.

### Inline Weigh Scale

**Features:**

1. Designed to be fitted on Aidacare Aspire Patient Lifters, however adaptable to most Lifter brands.
2. Allows for an accurate weight measurement to be taken by a carer when a patient is suspended in a sling.
3. Large weight capacity of up to 320kg.
4. Easy to read LCD display.

**Product Code:**
LSS390680 | Aidacare Aspire In-Line Weigh Scale

**Suitable for Aidacare Aspire Patient Lifters:**

- LSS390600 - A150F Aluminium Folding Lifter
- LSS390610 - A205 Aluminium Patient Lifter
- LSS390620 - 200 Steel Patient Lifter
- LSS390630 - A320 Aluminium Bariatric Lifter

### Pivot Frame

**Features:**

1. Finely balanced central pivot line requires minimal manual handling effort to achieve the full pivot range and desired positioning.
2. Ergonomic positioning handle. In powered configuration, the accessible thumb-switch activates powered pivoting assistance.
3. Four clip sling attachment points.
4. Patients can be ideally positioned for safety and comfort during the transfer process.
5. Removable battery with charger included (powered).
6. Designed for use with Aidacare Aspire Patient Lifters and Clip Slings, yet adaptable to many other lifter brands.

**Product Code:**
LSS390665 | Aspire Powered Pivot Frame
LSS390670 | Aspire Manual Pivot Frame

**Suitable for Aidacare Aspire Patient Lifters:**

- LSS390600 - A150F Aluminium Folding Lifter
- LSS390610 - A205 Aluminium Patient Lifter
- LSS390620 - 200 Steel Patient Lifter
- LSS390630 - A320 Aluminium Bariatric Lifter

Aidacare Patient Lifters & Slings

1300 133 120 | www.aidacarelifters.com.au
The Aidacare Aspire range of slings is designed to meet patient needs in the Home, Aged Care and Hospital environments. Manufactured under the highest quality control standards, the extremely durable slings come in a range of fabrics and sizes to suit the individual patient and caregiver’s needs.

**DURABLE**
Loop webbing has a breaking strain in excess of one tonne and is designed so that it will not tangle or “cork-screw” during cleaning.

**QUALITY**
Manufactured in the UK using European materials, computer guided stitching and CNC fabric cutting.

**PATIENT COMFORT**
Additional padding in weight bearing areas.

**MANOEUVRING HANDLES**
Thoughtfully positioned handles provide carers with a secure grip point to aid the transfer.

**EASY CLEAN**
Machine washable up to 85°C

**FABRICS**
- POLYESTER MESH
- POLYESTER SOLID
- SUPER SOFT

**SERIAL NUMBERED / EMBROIDERED LABEL**
Have embroidered labels and a unique serial number to maintain traceability and assist with compliance obligations.

**SERVICE AND MAINTENANCE**
Service record labels ensure you can record and identify service history.

**COLOUR CODED SIZING**

Aidacare Sling Auditing

Old Slings? Don’t risk it. An old, worn out or faulty sling could be a significant safety risk for your organisation.

Aidacare’s Sling Audit Program can assist you to ensure your sling inventory is in safe working order at all times.

Periodic sling audits are now a mandatory accreditation requirement. Ask us how we can help you manage the risk in this area of your business.
