Aspire Overbed Tables are designed to conveniently accommodate meals, drinks, reading materials, tablet devices and other items within easy arms reach from a bed or chair.

Adjustable in height and with locking castors, the robust steel frame and reinforced base mount provide a very stable and secure tabletop.

Customisable options and bespoke finishes are available to meet your interior design aspirations.

The range includes a tilt top model with a wider base, designed to fit around most lift recline chairs.
Tailored to Suit Your Interior Design Needs

BESPOKE TABLETOPS

- Smooth height adjustment from 710 mm to 1095 mm top height is easily accessible to users and carers.
- When fastened by carer will lock the height and prevent adjustment by users.
- Top can be tilted and fixed in position to suit the user, while the smaller surface remains horizontal to hold drinks or other items.
- Locking tilt mechanism eliminates surface movement in all positions.
- Wide base model fits around most lift recliners and chairs.

RECESSED TOP

- THERMOFORMED SURFACE
  - An impermeable surface layer continues over and down the vertical edges so it is easily wiped clean.

RECESSED TILT TOP - WIDE BASE

- Top can be tilted and fixed in position to suit the user, while the smaller surface remains horizontal to hold drinks or other items.
- Locking tilt mechanism eliminates surface movement in all positions.
- Wide base model fits around most lift recliners and chairs.

TWO LOCKING CASTORS

- The table position may be secured by the carer to prevent it rolling away in use.
- For freight and storage efficiency and protection.
